HEESI

presorting bin

Innovative Products with functional and modern design,
manufactured with the latest molding technology from high quality materials

HELESI PRESORTING BIN

The 9.4L VS 10L Pre-Sorting Bin is used in private households, kitchens, offices and industrial facilities for sorting and collecting organic waste. Its small size and practical design make it an indispensable help, particularly in the kitchen.

61, Marathonos Av. & 2, Arkadiou str.

The VS 10L can be used individually or together with pre-sorting bins in other colours for sorting various recyclable and non-recyclable materials.

The HELESI pre-sorting bin can be used with a foot pedal opening mechanism or attached to a cupboard door.

The VS10L pre-sorting bin by HELESI features 2 practical handles, a plastic handle and a rear steel bow handle. Together, they make for simple and hygienic emptying of the bin.

HELESI's pre-sorting bins are manufactured in accordance with the E.U. directive and following the strict industry rules of ISO 14001 - ISO 9001 directives.
